## HEAVY DUTY CAGE WHEELS

These PUSH FIT Australian made HEAVY DUTY WHEELS are particularly useful for Raked Pile applications where CONCRETE COVERS may have been previously used.

Each of the HEAVY DUTY WHEELS can be manually attached as the CAGE is lowered into the ground.

The clip mechanism is so secure you won't find them floating to the top of the Pile.

HEAVY DUTY CAGE WHEEL							
Name	Concrete Cover	Suit Bar Size (mm)	Width (mm)	Quantity per		Weight per (kg)	
				Bag	Pallet	Bag	Pallet
50 Heavy Duty	50	10-19	42	60	2160	6	195
